(*b*) The printed memorandum on Federal Financial Integration has already been circulated to all the members. The Railway assets will be taken over without compensation. But the booked value of the assets will be taken to account in the sharing of Public Debt. On a rough basis it is estimated that the Centre may have to take over debt to the tune of Rs. 6 crores and after deducting the balances under other liabilities payable to the Centre, they may have to pay us a net amount of about Rs. 3 crores. The revenue from the Railways will be made good in full for five years and thereafter the guarantee will be reduced in equal instalments of 3/5 in the 10th year. The detailed calculations have been illustrated in the Financial Secretary's Memorandum.
